ever-changing workplace environment.

Our Course Outlines

1) ABC's for NexGen: (Professional Development & Emotional Intelligence training designed for high school juniors) Our ABC's for NexGen program is custom designed to prepare our high school students for the transition to the next chapter of their life. Whether they go directly to the workforce, attend college, or enlist into the military, this unique training will help them navigate the world surrounding them today. This program utilizes the alphabet (A-Z), with twenty-six modules covering an array of topics that will become the platform from which high school students can become young professionals. The ABC's for NexGen utilizes all four learning styles (visual, auditory, read/write, kinesthetic), and has become a top favorite class among students. ABC's for NexGen is designed to be taught by an instructor/teacher that has completed the EQ Bridge Trainer Certification program.

4) EQ Bridge Certified Trainer Program:

Your school or business can have your own employee certified to lead training as an EQ Bridge certified training partner. This is a great option when you understand the value of Emotional Intelligence training, and want your entire company/school to experience the benefits and grow in the culture of M.A.G.I.C.
